Call for Nominations
2016 Loom Nam Khong Pijai (GMSARN) Scholarships

The Asian Institute of Technology (AIT) promotes technological change and sustainable development in the Asian-Pacific region through higher education, research and outreach. Established in Bangkok in 1959, AIT has become a leading regional postgraduate institution and is actively working with public and private sector partners throughout the region and with some of the top universities in the world. Recognized for its multinational, multi-cultural ethos, the Institute operates as a self-contained international community at its campus located 40 km (25 miles) north of Bangkok.

Loom Nam Khong Pijai (GMSARN) Scholarships

The Greater Mekong Subregion (GMS) consists of Cambodia, China (Yunnan & Guangxi Provinces), Laos, Myanmar, Thailand and Vietnam. AIT's focal point for GMS activities is in the networking under the Greater Mekong Subregion Academic and Research Network (GMSARN). GMSARN seeks to ensure that the holistic intellectual knowledge and assets generated, developed and maintained are shared by organizations within the region. Primary emphasis is placed on complementary linkages between technological and socio-economic development issues. GMSARN now includes 15 region's top-ranking academic and research institutions.

The first phase of operation of GMSARN was to establish the structure for networking for collaboration among leading academic and research institutes in GMS region. Now in the second phase, GMSARN will strive to develop high-level academicians and researchers for networking. Thus, AIT has received funding from the Royal Thai Government to establish 10 scholarships to assist human resource development in these thematic areas deemed important for GMS: (1) Infrastructure Development (2) Energy Technology (3) Oil, Gas and Natural Resources Development and (4) Environmental Engineering and Management. A full scholarship will be granted to qualified candidates with excellent undergraduate achievements from any of the other 5 countries in GMS to pursue a master's degree at AIT.
